

Proof of Participation
Galaxy Training Academy 2026

Md. Abrar Faiyaj

has completed modules from the

Single Cell Track

This course was organised by the Galaxy Training Network, in collaboration with:

- the Galaxy Project
- Galaxy Europe,
- Galaxy Australia and the Australian BioCommons
- TACC.

Instruction provided by our global instructor community of Galaxy

The course consisted of a week of online, asynchronous training which enabled participants to work at their own pace and on their own schedule. The workshops consisted of a blend of seminars and hands-on practical work. Each track lasts 3 days.
